

Yelleti Bhavanikumar

B.Tech Information Technology Student

JNTU-GV

📞 9346223923 — ✉ kumarbhavani39@gmail.com — 🌐 github.com/Bhavanikumar13

Objective

Motivated and detail-oriented IT student seeking opportunities in **Full Stack Web Development**, with strong skills in building scalable and user-focused applications.

Education

JNTU-GV College of Engineering	2023 – 2027
B.Tech in Information Technology	73%
Narayana Junior College, Srikakulam	2021 – 2023
Intermediate (MPC)	94.5%
P S N MPL High School, Srikakulam	2021
SSC	95.6%

Technical Skills

- **Programming Languages:** JavaScript, Python, C, Java
- **Web Development:** HTML, CSS, React.js, MongoDB
- **Core Concepts:** Data Structures, DBMS, REST APIs
- **Tools and Technologies:** VS Code, Canva, Overleaf (LaTeX)

Projects

Drawing App (Flutter, Dart)

- Developed a cross-platform drawing app with real-time canvas, brush, and color tools
- Designed a responsive UI ensuring smooth performance

Expense Tracker (MERN Stack)

- Built a full-stack application using MongoDB, Express, React, Node.js with REST APIs
- Implemented CRUD operations and real-time UI updates

Fake News Detection (Python, NLP)

- Developed an NLP-based machine learning model for news classification
- Applied preprocessing techniques and evaluated performance using accuracy metrics

Text Search & Autocomplete System

- Designed a scalable search system with fast data retrieval
- Optimized algorithms for handling large datasets efficiently

Course Material Repository (Django, SQLite)

- Developed a platform with role-based authentication
- Implemented file upload, search, and structured content system

Soft Skills

Problem Solving — Communication — Teamwork — Analytical Thinking

Areas of Interest

Frontend Development — Full Stack Web Development
